Strong virus maybe planned by men/bugs. Why? Pluto squares Brazilian women (moon as target); this is viewed as manipulative act, see health sector #6, squared by Pluto in #9 foreigners in love with Brazilians.

The event is picked up as early as November 5, 2015. Nothing happens by accident when Pluto is involved. Uranus (strange) act came after the facts to replicate/spread virus against Brazilian women to the source increasingly. It won't be last germ Brazil has to face. Germ warfare has been around for a century. Virus may contain "Choline inhibitor" affecting brain growing function. See Acetylcholinesterase inhibitors. It looks like Brazil was hated prior to 2015. Bugs will be virulent, Buy your reading and charts today!
